

# Paul Barnes

## Keyboard Tutor

### Instruments

Piano, Keyboard and synthesizer

### Biography

Paul started playing keyboards at age 12, six months after starting he performed at a school concert on a synthesizer and received a standing ovation. From that day onwards it was all about music. During Paul's school years he gained a lot of musical experience through playing the piano in school musicals and accompanying for every musical event he could get involved in. Paul was a major part of a trio at school, covering the drums as well as keyboards often at the same time! Paul has gained a very good reputation for recreating and performing many great classic keyboard parts through his career.

### Interests and Hobbies

When Paul isn't performing or teaching he enjoys reading, watching films and spending time with his family

### Something you won't know

Paul learned to play double bass whilst at school.

### Professional Performance Work

Paul has been involved with several local bands such as *Kings of Siam*, *The Antiques Roadshow*, *Born 2 B*, *Legacy*, *Mr Lazy* and *Dimension and Zambu*.

### Teaching Experience

Paul is primarily based here at YMS but prior to this Paul taught privately
